

Planned for Gracious Living -- With A View

SPREADING . . . Five rooms abreast share the view of trees and rolling hills in this New England style contemporary house. The architect has given a 94-foot wide plan a centrally placed entry, only a few steps from the driveway. The master bedroom has windows in three walls—one an enchanting bay, while the 14 by 22 front living room has a large picture window, a pine paneled fireplace and bookcase wall and is easily accessible to the garden porch through the adjoining dining alcove.
